The complaint has been hereditary, and si which, to several physicians without any rehad been treated by several physicians without any relief. In this state of hier case, I procured some of your

she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by tak

A GREAT CURE BY DR, KEYSER'S PROTORA

I had a coughing and spitting, which commenced accuthe 4th of February last, and continued eight months,
employed the best physicians in the country, and m
cough continued unalised until early in October. A
that time I was advised to try your PROTORAL COUGH that time I was advised to try your PECTORAL COUGH BYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a bad sough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty year.

ANOTHER NEW CERTIFICATE—DE. REYSER'S

Prov. C. J. Wood: Deer Sir.—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause anknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and been part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more cautal acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate sequaintances were to recognise me at ail.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate, until, fortunately, in this latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have as or soul, have a rich coat of very soft black hair, which no money can bay.
